NEW DAILY Evening Paper in San Francisco—Robert D. Fox proposes to establish a daily newspaper in the city of San Francisco, to be issued every afternoon. The design of the paper will be to afford a reliable medium of information on all subjects of general and local interest; also to give full and accurate commercial and shipping intelligence up to the hour of publication each day. In a commercial community like ours, the utility of an evening paper, that will place the transactions of the day before the public immediately, must be apparent.

While the principal aim will be to give to the patrons of the proposed paper all the advantages of a strictly business publication, it should be understood that on questions of a political character, it will always be found a decided advocate of the principles and measures of the great democratic party of the Union.

The first number will appear on or about the first day of June next.

Terms—25 per annum, when delivered to city subscribers at their residences, or 20 when mailed—payable in advance. Advertisements inserted at the usual rates. exliii c
